Somebody said you knew me when  
Well I've been a long long way since then  
But if I could go back there again  
Baby would you come back  
Forget the rings love put us through  
Cause paradise shining like a jewel  
Was waiting so patiently for you  
Oh Babe  
I was driving on against the wall  
Hitting it like a wave  
Trying not to feel at all  
Oh but  
[Chorus:]  
You don't die from love  
Your heart won't break  
You don't die from love  
It just fades away  
You hit the ground  
You touch the sky  
The tears will come  
You don't die from love  
We need to reason with your eyes  
Take me where I lose track of time  
I didn't mean to be unkind  
Baby don't you know that  
I need to breathe the air you breathe  
I'll show you the dreams that no one's seen  
Put yourself back where you want to be  
[Chorus]  
You don't die from love  
Your world won't end  
You live to see  
It all again  
Your little heart  
Will open wide  
The tears will come  
You don't die from love  
You don't know what it took to leave you  
You don't know what it did to me  
Oh Oh  
Every step that I took just told me  
That the battle was easy for me

Baby just let me make it up to you  
I'll make it on up to you  
I'll make it on up to you  
[Chorus]
