Just like a rose  
Without a thorn  
Defenses fade  
We've come undone

Desire  
The answer for harmony  
This moment together  
We can see

Deep into the night  
We're looking through the windows of the world  
(Underneath the sky)  
We're opening the windows of the world

We stay afloat  
On the sea of storms  
The tides of time  
Carry us along

Beginning  
And ending  
With what we know

Surrender  
Emotions  
Here we go

Deep into the night  
We're looking through the windows of the world  
(Underneath the sky)  
We're opening the windows of the world

Beginning  
And ending  
With what we know

Surrender  
Emotions  
Here we go  
Here we go

Deep into the night  
We're looking through the windows of the world  
(Underneath the sky)  
We're opening the windows of the world

We're looking through the windows of the world  
We're opening the windows of the world

Windows of the world  
Windows of the world  
Windows of the world
