Don't look down
Cuz' it's easy
You're falling from faults
Just letting it take it's own course
And picking it up when it's over

Don't be afraid
Cuz' the chances are there for the take
But treasure the choices you make
And know when you must take it slower

Refrain:
You may think you've had it rough
And try to give it up
But when you think you start
Just go another way

Chorus:
Don't let go the good times
And let the bad times know you feel fine
And wear your heart out on your sleeve
Love is all, love is all you need

Don't be rushed
Cuz' hurrying causes mistakes
And make sure to give more than take
And know when you must take it slower

Refrain:
You may think you've had it rough
And try to give it up
But when you think you start
Just go another way

Chorus:
Don't let go the good times
And let the bad times know you feel fine
And wear your heart out on your sleeve
Love is all you need

Feel with all your senses
Make sure to let down your defenses

There's just one way to make you see
Love is all, love is all you need

Bridge:

Take a chance now cuz' it's easy
Take a chance now for you and me
Take a chance now you can reach it
Take a chance for me

Chorus:

Don't let go the good times
And let the bad times know you feel fine
And wear your heart out on your sleeve
Love is all you need

Feel with all your senses
Make sure to let down your defenses
There's just one way to make you see
Love is all, love is all you need
