1 Verse

I don't care what they say
Gotta gotta get away
Nothing else left but my pain
Looking left, checking right
Don't wanna fall cause I'll lose the fight
Making sure you stay in sight

Prechorus:

Staying right on time,
Kinda busy, lose my mind
I'm steppin across the line
Because it's just too late
Don't wanna feel this way
Why can't I just stay inside

Chorus

Catching up is the hardest part of following you
Tripping up is what you want me to do
Time's almost up
You need to bring me back
I got way too much on my mind
I think that's why I'm falling behind

2 Verse:

Seems like your picking up speed
Now your the one in the lead
Try hard not to plead;
Why doesn't anyone understand me?
I don't know what to do
I'm not over you
I'm going crazy inside
My pride is overdue

Prechorus

Misleading time
Distracted lose my mind
I'm stepping across the line
Because it's just too late
Don't wanna feel this way
Why can't I just stay inside

(Chorus)

Bridge:

I'm so distracted, don't know what to do

About this now...

I'm losing tactics

Will someone show me how?

(Chorus)
