"Diamonds"

(feat. Kanye West)

Diamonds Darlin' *[Christina]*

[Kanye]

Aye Aye

Uh

You love my diamonds don't you?

Love the way a nigga shine don't chu?

Baby whats your disposition, have you ever tried dis position?

You my dream girl from the poster's that I thought I'd never get a close to.

In a black limousine with chauffeurs right next to the testerosas.

Its funny how all the jewelry just get your cat so furry.

They look so good all together they say they are forever.

You love my diamonds don't cha, that I bought from all this rhyming.

But I know you'll never love me, you'll only love my diamonds.

[Christina]

You pick me up on a hot summer night. I fall in love with you multiple times.

Got me wrapped around your finger, boy I hope your love lingers.

(I doo I doo)

Your my one and only rock in the ruff,

I like to floss you baby, you light me up

And there aint no way I give you away, he's my d-d-diamond daddy and I just gotta have him.

When I love you baby, I wanna love you just like I love my diamonds.

Diamonds, Diamonds.

And when I wear you out at night boy, ya we'll be shinning.

Diamonds, Diamonds.

Ill treasure you, cherish you, where you on my body
ouu,
Cause we go together like diamonds are forever.
Your my ice blue baby, Ohh.. and I love you like my
diamonds.
I do.

Like every girl, I'm into fabulous things.
Like oyster pearls and big raft diamond rings.
But your my precious possession I'd rock you 24/7, (I
doo... I doo..)
All My accessories I'd give them up
(yeah just like you)
On ebay trade them in for your love. (that's what I'd
do.)
There aint no way, I'm giving you away.
Your my diamond daddy and I gotta have you.

When I love you baby, I wanna love you just like I love
my diamonds.
Diamonds, Diamonds.
And when I wear you out at night boy, ya we'll be
shinning.
Diamonds, Diamonds.
Ill treasure you, cherish you, where you on my body
ouu,
Cause we go together like diamonds are forever.
Your my ice blue baby, Ohh.. and I love you like my
diamonds.
I do.

You sexy, you fine, I'm so glad your mind.
You sexy, you fine, he's my one of a kind.
[X2]

When I love you baby, I wanna love you just like I love
my diamonds.
(Diamonds, Diamonds)
And when I wear you out at night boy, ya we'll be
shinning.
(Diamonds, Diamonds.)
Ill treasure you, cherish you, where you on my body
ouu,
Cause we go together like diamonds are forever.
Your my ice blue baby, Ohh.. and I love you like my
