[** feat. The-Dream:]

It was the smile, it was the style, that had me gone,
from the jump
It was your name, it was your sign, that made me want,
to run
Flying to vegas, packing my bags

Don't know where it will take us, when I'll come back
I'll be with you, you'll be with me, and the rest, is history

Welcome to vegas
Love on the runway soon as we land, in the airport,
holding my hand
Welcome to vegas
Louis duffle bags, we exit out the terminal, I'm forever
yours
Welcome to vegas
Ever yours, I'm forever yours, I'm forever yours

Welcome to vegas
I'm forever yours, I'm forever yours, I'm forever yours
Welcome to vegas

It was your lips, and the first kiss, that had me rolling
around in bliss
It was your touch, your home, you took my heart in
from the cold
Flying to vegas, packing my bags
Don't know where it will take us, when I'll come back
I'll be with you, you'll be with me, and the rest, is history
[Chorus:]

It's just me and you, baby let's go and get low
Our love, your love, I'm feina let the whole world know
Ooo this will be a night to remember, we'll look back
and remember oh
I'm standing in this chapel, and nothing else matters

Welcome to vegas
Low, low, low, we go go go go
Low, low, low, we go go go go

Oh, oh, oh, oh, it's just me and you
Oh, oh, oh, oh, our love, your love, I'm feina let the
whole world know
Ooo this will be a night to remember, we'll look back
and remember oh
I'm standing in this chapel, and nothing else matters
Welcome to vegas
