(Voice)

Im gonna say that you wit it

Twista:

Christina Milian makin millions, yall

I think that you fulfilled it

(Twista)

Your boy Twista in the house, ya dig?

Oh you tried to play yo boy bogus but I cant hide that

Whatchu got to say, come on

Christina Milian:

I, really need u to listen

Really sit back and listen

I got something to say

Its not gonna be easy

I rather that you find it out from me

Than hear it round the way

I, don't wanna love no more, don't wanna creep around

I hate that I letcha down

And I, cant even understand what I was searchin for

Cuz youre the one I adore

(Chorus x2) Christina and Twista:

We had our problems but still

But we aint never gonna find a lovin this real

Ask me whatchu want, then I will (I will)

And For real

Christina Milian:

I was, sitting back and wishing

That it was you I was kissin

Cant take back this mistake

I let his look beat me

For lovin you more completely

Don't wanna end this way

I, don't wanna love no more, (So No More) don't wanna  
creep around

I hate that I letcha down

And I, have found the words to say  
Hope you don't walk away  
Cuz I want you to stay

(Chorus 2x)

Christina and Twista:  
We had our problems but still

But we aint never gonna find a lovin this real (This real)  
Ask me whatchu want, then I will (I will)  
And For real (For Real)  
And I Will

Twista:

Yea it's twista, the mayor of chi, baby.  
Christina, you hurtin them out there, girl.  
Oh, we bout to put it down, together. Uh huh, uh huh.

Now I, hit to the rhythm with the huchuckuh, uchukah,  
ahh  
Twista rollin hard thinking it's a hood thang  
We make a harmony like her fingers on the guitar  
Don't wanna lose my lovin, I got the good thang

At night, u telling me u was messin around wit some  
other guy  
So my feelings about it, I cant hide  
Then sell the crib or take the VnW Truck  
Im finna get in the bently, baby, I gotta ride

But can he put the designer clothes on yo back?  
He aint messin wit none of my status of cadillacs  
I know im sittin on spinners that be a little bigger  
I know aint nobody better for rubbin yo back

I see a lov-a-ly world that we could peek in  
Lets stay together cuz I know the drama goin pass  
We could send the haters to school on the weekend  
To let the competition know they got no class(Oh Baby)

(Chorus)

Christina and Twista:  
We had our problems but still  
But we aint never gonna find a lovin this real (Say you  
remember, They remember)  
Ask me whatchu want,(No) then I will (I will)  
And I will

Said I, (Ooh we had our problems, lets just work it  
out)x2

We had our problems but still  
But we aint never gonna find a lovin this real  
Ask me whatchu want, then I will (I will)  
And For real

Weird Voice (x2)  
I don't wanna lose your Love  
Don't wanna lose your love  
Don't wanna lose your love  
I don't wanna lose your love
