I can no longer see myself
Being the girl for you
I used to see
You've done so much
To bring me down
When I think about
How you treated me
I no longer need to try
And be perfect for
'Cos now I see I'm
Just something to throw around
You were never down
Just misleading me

I need more than
What you're giving, what you're giving
I can't take no more
Of being second in line in your eyes
Heard it all before
Time to even the score
It'll be a cold day in hell
Before you ever see your girl she'd another tear
Boy you better hear me

Friends is the phrase
You used to describe our relationship
It was best for you
So when the other girls
Come around
You would have an out
To do that do
Now I found in me the strength
To say the hell with you
And let it be no more
Will I be sick and down
Or thinkin bout loving you

I need more than
What you're giving, what you're giving
I can't take no more

Of being second in line in your eyes
Heard it all before
Time to even the score
It'll be a cold day in hell
Before you ever see your girl she'd another tear
Boy you better hear me

I can't deny I miss you
(Can't deny I do)
And I can't deny I wish you
(Wish you only knew)
How to treat a girl
Who'd give her whole world to you
But I understand you now
You'll never appreciate somebody like me

I need more than
What you're giving, what you're giving
I can't take no more
Of being second in line in your eyes
Heard it all before
Time to even the score
It'll be a cold day in hell
Before you ever see your girl she'd another tear
Boy you better hear me

I need more than
What you're giving, what you're giving
I can't take no more
Of being second in line in your eyes
Heard it all before
Time to even the score
It'll be a cold day in hell
Before you ever see your girl she'd another tear
Boy you better hear me
