"My Bloody Valentine"

(feat. The-Dream)

I, can smell your voice
I can taste your face
Cant wait till it goes away
But oh I know to let it go
Dont let it show
Hurts so much, and no one knows
and no one knows
and no one knows
and no one knows
and no one knows

I, slept in your arms
That sweet charm only brought me harm
I will cry and cry for you to change
But the more we change we stay the same
Kept my mouth closed no one knows
and no one knows
and no one knows
and no one knows
and no one knows
and no one knows

Eh I lived my life for you
and all you did was make me a fool
knowing you just took and took boy your so crule
But shame on me for trying to play it all cool
You made my wrongs look so right
The days I spent crying about you lasted through the
night
Oh I heard you down, I stayed around at the door in my
Christian Dior
Everyone knows
They know, they know, they know
They know, they know
They know, they know

You, take this loss
Forgetting you wont take that long
Now I, wont need your help

See I can do thaaaat all by myself

Everyone knows
They know, they know,
Everyone knows
They know, they know,
Everyone knows
They know, they know,
Everyone knows
They know, they know,

They know, they know,
They know, they know,
They know, they know,
They know, they know.
