[Verse 1:]

Woke up today thinking of you
Another night that I made my way through
So many dreams still left in my mind
But it can never come true
I press rewind and remember when
I close my eyes and I'm with you again
But in the end I can still feel the pain Â every time I hear
your name

[Chorus:]

The sun won't shine since you went away
Seems like the rain's falling every day
There's just one heart, where there once was two
But that's the way it's gotta be,
'til I get over youÂ...

[Verse 2:]

Walked through the park, in the evening air
I heard a voice and I thought you were there
I run away but I just can't escape
Memories of you everywhere
They say that time will dry the tears
But true love burns for a thousand years
Give my tomorrows for one yesterday
Just to know that I could have you here

[Chorus:]

The sun won't shine since you went away
Seems like the rain's falling every day
There's just one heart, where there once was two
But that's the way it's gotta be,
'til I get over youÂ...
'til I get over youÂ...

[Bridge:]

When will this river of tears stop fallin'
Where can I run so I won't feel alone
Can't walk away when the pain keeps callin'
I've just gotta take it from here on my own
But it's so hard to let go

[Chorus:]

The sun won't shine since you went away

Seems like the rain's falling every day

There's just one heart, where there once was two

But that's the way it's gotta be,

'til I get over you...

'til I get over you...
