Once again it's on and we gonna ride out
Once again till dawn, cut the lights out
Once again till morn, keep the lights out
Till the end of the song

Your feelin' me
And it's got you all fired up
Tryin' to walk away
'Cause you don't want your heart tied up

But I can feel the proof when you're holdin' me
Like to let you think your controlin' me
Even though that ain't the deal
When I want, I take the wheel and I know

Can't hide that you're really into me
Hold is so tight, I can barely breathe
'Cause you know I keep it real
Giving you what you can feel

Whatever U want, I got it
Whatever U need, that's me
Feelin' the flow, don't stop it
Whatever U need, I'll be

Whatever U want, I got it
Whatever U need, that's me
Feelin' the flow, don't stop it
Whatever U need, I'll be

You're frontin' like
You don't want no one to know
But it's in your eyes
That you don't want me to go

But I can feel the proof when your holdin' me
Like to let you think you're controlin' me
Even though that ain't the deal
When I want, I take the wheel cause I know

Can't hide that you're really into me
Hold is so tight, I can barely breathe

'Cause you know I keep it real
Giving you what you can feel

Whatever U want, I got it
Whatever U need, that's me
Feelin' the flow, don't stop it
Whatever U need, I'll be

Whatever U want, I got it
Whatever U need, that's me
Feelin' the flow, don't stop it
Whatever U need, I'll be

We gonna get it started, okay
Now go get the party jumpin' like me
Who crunk it like me
Lotta of guys here but none is like me

Though some could try to be
With two or three chains up
Under the white tee and I got two or three dames
That's comin' tonight

See 'em, done tonight leave
Like one, aight peace
Only Mike puts up numbers like these
And he's no longer playin'

But neither am I, so what I'm sayin' is
Hop in the deuce seater with I
'Cause you know with them boots
And that beater you fly

Other dudes act too cheap with the pie
Won't drop a few pennies or cop you a guinea
But I'll cop you as many
Toast till the bottles all empty

Like pardon the bravado in me
Us two, that's a plan somehow
Get to know each other later
Let's dance for now, c'mon

Whatever U want, I got it
Whatever U need, that's me
Feelin' the flow, don't stop it
Whatever U need, I'll be

Whatever U want, I got it
Whatever U need, that's me
Feelin' the flow, don't stop it

Whatever U need, I'll be

Whatever U want, I got it
Whatever U need, that's me
Feelin' the flow, don't stop it
Whatever U need, I'll be

Whatever U want, I got it
Whatever U need, that's me
Feelin' the flow, don't stop it
Whatever U need, I'll be

Whatever U want, I got it
Whatever U need, that's me
Whatever U want, I got it
Whatever U need, that that's me
