Six years ive been in the city
and everynight, i dream of the sea
they say home is where you find it
will this place ever satisfy me

for i come from the salt water people
we always live by the sea
now im down here living in the city
with my man, and a family

My island home, my island home
My island home, is waiting for me x 1

in the evening the dry wind blows
from the hills, and across the plains
i close my eyes and im standing

ina boat on the sea again
and im holding that long turtle spear
and i feel im close now to whereit must be
my island home is waiting for me
{music}

My island home is waiting for me

My island home, my island home
My island home, is waiting for me x 2

My island, my island home
My island home is surrounded by sea
My island home, my island home
My island home is waiting for me

My island home x 4
