From a distance the world looks blue and green
and theres no blacked mountain spy
from a distance the ocean meets the stream
and the eagle takes to fly

from a distance there is harmony
and it echoes through the land
it's the voice of hope
it's the voice of peace
it's the voice of every man

from a distance we all had enough
and no one's his enemy
there are no Gods no pause and no oddysey
no hungry mouths to feed
from a distance we are your instruments
marching in a common land
playing songs of hope
playing songs of peace
are the songs of every man

from a distance you look like my friend
even though we are at war
from a distance i just cannot comprehend
what all this war is for
from a distance there is harmony
and it echoes through the land
its the hope of hope
its the love of love
its the heart of every man
its the hope of hopes
its the love of loves
this is the song of everyman

God is watching us
God is watching us
God is watching us
from a distance
God is watching us
God is watching
God is watching us

from a distance
