Below the shadows
Deep in the forest
There lies my secret
Buried in my heart

No sound but silence
My voice still whispers
My love be near me

You're my only love
Far from heaven
Still my dear
I'll be there always
You're my secret love

I'm on on mountain
You're in the valley
Still feel your prescence
Gently touch my mouth

Reach out and feel me
Caress and hold me
My love be near me

You're my only love
Far from heaven
Still so dear
strong still fret i dont fear
You're my secret love
take my hand
