Come here everybody
No, don't walk away
Hear me with your whole attention
I have something important to say
If you think you don't know
You thought wrong
Because I know you feel the same
I've gotta confess I am addicted to you, ok?

I found you and you found me
For all I know, we are the best family

[chorus]
For some kind of miracle
We were put on the same path
A road of songs and laugh
So let's enjoy this walk
Doesn't matter if we just missed the train
Let's together breakaway

Many things we did together
Even happy or low
In one year, one week, one minute
There were shared dreams and words
Call me anytime you want
Cause I will call when I need
Because of you I'm happier now
I'm thankful for all that we've lived

She made we know each other in this world
Behind her hazel eyes, there's a bright soul we love

[chorus]

As I'm certain the sun rises everyday
I know you're beside me even far away

[chorus]
