I've got the devil sleeping next to me.
Sleeping in the arms of excstacy hey
She can make me hotter if she wanna she could do it
and she's gonna oh lord
Her touch is amazing touch me baby
Glowing deep inside your soul
I wanna come deeper
A lessons loading all control
Tonight is the night for you and me
Give me that body I'll set you free
I'm gonna do what I came to do
Baby I wanna make love
We can do it anywhere
In the middle of the floor
Girl I don't carE
Hold on tight don't let go
Baby explode
In my room in my bed
In my room In my head 2x
I got to beat you
Play ya tricks on me
Invading my inner privacy
Willingly Teasin me abusing me
She can take me higher if she wanna she could do it
Cause she's gonna
Her mouth is amazing
Baby talk to me
Going deep inside your mind
I wanna come deep
Losing all my sense of time
Tonight is the night for you and me
Give me that body I'll set you free
I'm gonna do what I came to do
Baby I wanna make love
We can do it anywhere
In the middle of the floor girl I don't care
Hold on tight don't let go
Baby explode
In my room in my bed
In my room in my head
