The winter snow is a child's delight  
As it brightens up the winter night  
And coats the earth in a cheery white  
As it softly drifts upon it.

The smiling faces watch the ground  
As the snow is falling all around  
And through the glass there comes no sound  
As the snowflakes melt upon it.

Snow Man, Snow House  
Hey, play with me  
Shake the snow down from the tree  
Games once played by you and me  
Snow is softly falling.

The morning comes and the children play  
Their laughter rings out through the day  
They hope the snow is here to stay  
And it won't be gone tomorrow.

Snow Man, Snow House  
Hey, play with me  
Shake the snow down from the tree  
Games once played by you and me  
Snow is softly falling.

Sliding, running down the hill  
The time for fun is now but still  
As they climb up life's' long hill  
They're sure to meet some sorrow.

Snow Man, Snow House  
Hey, play with me  
Shake the snow down from the tree  
Games once played by you and me  
Snow is softly falling.

Snow Man, Snow House  
Hey, play with me  
Shake the snow down from the tree

Games once played by you and me  
Snow is softly falling.
