The snow is falling It's Christmas Eve
Presents are wrapped Under the tree
Is there one for me?

I only want you for Christmas, baby
I don't need nothing else
I only want you for Christmas, baby
Tie a ribbon 'round yourself
Oh, tie a ribbon 'round yourself

I ain't gonna write no letter Send north to the pole
Cause what I'm wanting this year Saint Nick don't need
to know

I only want you for Christmas, baby
I don't need nothing else
I only want you for Christmas, baby
Tie a ribbon 'round yourself
Oh, tie a ribbon 'round yourself

So put on your Christmas stockings I'll find that mistle
toe
Let's get into the the holiday spirits
And honey ho ho ho ho ho ho ho ho

I only want you for Christmas, baby
I don't need nothing else
I only want you for Christmas, baby
Tie a ribbon 'round yourself
I only want you for Christmas, baby
I don't need nothing else
I only want you for Christmas, baby
Tie a ribbon 'round yourself

Oh, tie a ribbon 'round yourself
Wooo oooo (train sound)
Oh I had a bicycle
I had a train too...
