"Leon Dixon leaves his Christmas lights up all year
'round

It's somethin' different about our town

We've often wondered why he never takes 'em down

But Leon leaves his Christmas lights up all year 'round

There's a big bright noel flashin' off and on

In the yard where the children play the whole year long

We've all gotten used to it year by year

Now it's kinda gotten to be a part of things 'round here

Peace on earth, Good will to men

Christmas time is here again

Can it be all that wrong

To feel like Christmas all year long

Leon got sick, it's been back awhile

Short on luck and money, but he still wore that smile

And nobody could stand to see him do without

So we all drove over to see if we could help out

Yeah, the noel flashed on and the bills stayed paid

I felt so warm as we drove away

I had never seen Christmas spelled so clear

As when I saw "LEON" flashin' in my rear view mirror

Peace on earth, Good will to men

Christmas time is here again

Can it be all that wrong

To feel like Christmas all year long

Noel Leon"
