Sing we all Noel, hear the music all around.
Sing we all Noel, let the joy resound.

Noel, noel, noel, let our voices rise
As we sing a song of praise and lift our music to the
skies.
Noel, noel, noel, sing it loud and clear
So that all on earth may know our joy this season of the
year.

Sing we all Noel, with a joyous rondelay.
Sing we all Noel, hear the news today.

Sing we all Noel, a joyous song of praise
To our God incarnate, exalt Him all our days

Sing we all Noel, the gladsome tidings bring
Lift our God on high as His praises now we sing.
Sing we all Noel, our hearts with love aflame
Praising Christ our Saviour, we bless His holy name.

Sing we all Noel, to Jesus Christ on high
For our sins He suffered, left Heaven's throne to die.

Sing we all Noel, with all our heart's great joy
In our Saviour's praises our song we now employ.
