When you said that yesterday

That it's nearly Christmas

What did I want

And I thought

Just love me, love me, love me

That's what I want for Christmas

When I walk through a room

Let them see you need me

Walk through a room

Let them see you love me, love me, love me

That's what I want for Christmas

Anyone can wish for all the trinkets in the window

Some can even buy the ones they see

But the presents that I want ( I want )

You'll never find in any window

Bring me love and bring it just for me ( for me )

When you come home at night

Take me in your arms and hold me

Kiss me, and say you love me, love me, love me

That's what I want for Christmas

Da doo da doo

Hoo hoo hoo

Love me, love me

That's what I want

That's what I want for Christmas, yeah

Anyone can wish for all the trinkets in the window

Some can even buy the things they see

But the presents that I want ( I want )

You'll never find in any window

Bring me love and bring it just for me ( just for me)

When you come home at night

And take me in your arms

And you hold me

And you kiss me

And say you love me, love me, love me

That's what I want for Christmas

Hold me ( hold me ), kiss me ( kiss me )

That's what I want for Christmas
