Ribbons and paper cover the floor,
it's been a great Christmas with presents galore

Everyone's happy and I'm happy, too

Oh, what a night, oh, what a night, night before
Christmas I had with you

Frost on the window, snow on the ground, holiday
spirit, holiday sounds

Everyone's thankful and I'm thankful, too

Oh, what a night, oh, what a night, night before
Christmas I had with you

It all started underneath that mistletoe when we were
waiting up just to help ole Santa Claus

We were making merry in ways we'd never thought of

When we heard those sleigh bells and ole Santa almost
caught us

We didn't take no pictures,

But I still remember one very special twenty-fourth day
of December

Oh, what a night, oh, what a night, night before
Christmas I had with you

It all started underneath that mistletoe while we were
waiting up to help ole Santa Clause

We were making merry in ways we'd never thought of

When we heard those sleigh bells and ole Santa almost
caught us

If we don't do this next year, honey, I'm sure gonna

miss it

Why don't we make it a new Yuletide tradition

Oh, what a night, oh, what a night, night before
Christmas I had with you

Oh, what a night, oh, what a night, night before
Christmas I had with you
