Ladies and gentlemen how do you do  
Came here to talk about a thing so true  
Got me hangin' around  
Driven into the ground  
Got me crying

Ladies and gentlemen how 'd you react  
Tell me about it as a matter of fact  
I was only the bait  
In my lover's debate  
I 've been dying

Had enough  
And now I 'm leaving  
Elvis has left the building  
You had your chance

You had the honour  
But baby you 're no Madonna

Ladies and gentlemen I 'm leaving tonight  
Not gonna stay and suffer all of my life  
If I made a mistake  
Gotta go for my sake  
And correct it

Ladies and gentlemen I 'm wishing you well  
It 's time for me to stop living this hell  
I have only one heart  
Time for me to restart  
And protect it
