I'm hanging around, it's a saturday night  
I' feeling good, let's pick a fight  
Get some juices going, while the booze is flowing  
Take off your gloves and be a man  
Oooh! I'm feeling good tonight  
Oooh! Let's rip the place apart  
Bulldogs unleashed!  
The rednecks are cheering, the women are panting  
Prepare for the brawl of the day  
Now hold my cigar girl, it's time for the kill  
I'm going in, no holds barred  
You woman will be mine  
Watch me take her home  
Behold what I've become  
The meanest  
The baddest  
Motherfucker of them all!  
You know it, you fear it, just take your pride and go  
Release the hounds!!  
The bartender's loading his shotgun and shouts:  
"You're outta here by the count of three"  
We're still hanging around on this saturday night  
We never left and still we fight
