Let's roll America  
There's a job to be done  
Let's roll America  
There's a battle to be won  
Wake up America  
You're too young to die  
Let's roll America  
'Cuz the good lord's on our side

When the cry went out on 9-1-1  
A hero heard the call  
There was terror in the skies above  
With little time to stall  
Then he rang his wife and family  
To say he loved them so  
Then he told the other passengers  
"Let's Roll"

Let's roll America  
There's a job to be done  
Let's roll America  
There's a battle to be won  
Wake up America  
You're too young to die  
Let's roll America  
'Cuz the good lord's on our side

Well, we grew up quick  
And we grew up fast  
On the fair September day  
And the flags unfurled  
And the whole wide world  
Began to kneel and pray  
And we pledged allegiance once again  
Like we did when we were in school  
And we stood as one  
For the old Red, White and Blue

Let's roll America  
There's a job to be done  
Let's roll America  
There's a battle to be won

Wake up America You're too young to die  
Let's roll America  
'Cuz the good lord's on our side

We will not waiver  
We will not falter  
We will not tire  
We will not fail  
In the land of the free  
We will prevail

Let's roll America  
There's a job to be done  
Let's roll America  
There's a battle to be won  
Heads up America  
You're too young to die  
Let's roll America  
'Cuz the good lord's on our side
