Your broken heart is fading fast
You found a love you think might last
and last
The sweetest thing you've ever seen
The kind thats always in your dreams
in your dreams

She don't know that she's perfect
She does not have a clue
What she's done to you
She don't know that she's perfect
Better find the words to say
Don't let her walk away

Don't get me wrong
Don't think me strange
There's nothing about you girl
I wanna change
I'd never change you

But the day has come and now's the time
I'll find a way to make you say you're mine
Mine, all mine

She don't know that she's perfect
You'd better let her know
Before she turns to go

I hope and pray she'll understand
That one fine day
I might be her man
Be her man

We'll find a place down in the sun
Where she and I can live as one
By faith
Till the end
