Through the red fog
May the empire transcend time
Fall unknown on the front lines
Blood flows forth and fuel the fire
Feeding from the funeral pyre

May you speed us to our fate
Single minded in my hate
Blood flow forth and fuel the fire
Feeding from the funeral pyre
May you speed us to our fate
Single minded in my hate

In this prison just pain
Demons driven insane
In this prison just pain
Demons driven insane

No words can reach me here
They all lie unread
I demonize my will
Reconcile with the dead
Eyes staring down
No glance to the horizon
Future ablaze with all strength of conviction
Becoming one with remorseless machines
Remorseless machines

May the empire transcend time
Fall unknown on the front lines
Blood! Fuel! Fire!

May you speed us to our fate
Single minded in my hate
Feed! The! Pyre!

In this prison just pain
Demons driven insane

No words can reach me here
They all just lie unread

I demonize my will
Reconcile with the dead
Eyes staring down
No glance to the horizon
Future ablaze with all strength of conviction
Becoming one with remorseless machines
Remorseless machines
