My baby's got the cutest little
Yeah she really got the greatest little Oooo Oooo
She picks me up at night I hear her
She takes me out a ride with her
She's got a motor scooter
With a little rubber tooter
And I fall to the ground
When I hear that sound
Be careful when you hear that little

Oh Yeah

She don't know how to steer that little
And though I really love her little Oooo Oooo
I've gotta run for cover from her
She's got a little scooter
With a little rubber tooter
And I fall to the ground
When I hear that sound
She said that if you love me true
Ar ya gotta love my tooter too
No matter what I say about it
I can't live with it and I can't live without it
You know I really hate that little
Someday I'm gonna break that little
And though she drives me crazy with her Oooo Oooo
I've gotta take my baby with her
She's got a motor scooter
With a little rubber tooter
And I fall to the ground
When I hear that sound
Yeah

(Instrumental Break)

Umm my baby's got the cutest little
Yeah she really got the greatest little Oooo Oooo
She picks me up at night I hear her
Yeah
She takes me out a ride with her
She's got a motor scooter
With a little rubber tooter

And I fall to the ground
When I hear that sound
Whistle fade
