Oh, will you let me have all
Of your loving and affection, yeah
Will you give me your heart
And leave it under my protection, yeah

If you will, I want you to be my wife
If you will, I'll love you
For the rest of my life

Hand it over, hand it over, yeah
Hand it over and I'll hand
My love to you, yeah

Give it to me now, honey
Please don't wait until tomorrow, no
Give it to me now
Putting it off would only
Bring me sorrow, yeah

Say you need my arms
Around you every night
Baby, please tell me
Everything is all right

Hand it over, baby, hand it on over
I beg you to hand it on over
And I'll hand my love to you

I would give you everything
If you would only say yes
I would try to borrow Spring
If you'd only admit your happiness

Let me know where I stand
Tell me that you really want me, yeah
It would be a happy man
If you would really love me sincerely

Come on, baby
And give me a kiss
Come on, baby
That's just what I miss

Hand it over
I need you to just hand it over
I want it right now
So hand it over and I'll
Hand my love to you

Come on and hand it over
I need it right now
Come on, baby, hand it over
I need it right...
