From an angel baby
To a devil woman
You changed right
Before my eyes

All you do is scream
And think of evil ways
How to cheat and
Tell me lies

Well, to make sure that
You see no one else
Here's what I'm gonna do
I'm gonna take steps
To protect myself
And keep my eye on you

[CHORUS]
Oh, I can't let you out of my sight
(Can't let you out of my sight)
I can't let you out of my sight
(Can't let you out of my sight)
(Can't let you out of my sight)

Your sweet love, girl
Was something else
I wanted to marry you
But like a devil woman
You turned on me
After swearing you'd be true

Well, my heart still flies for you
But I can't let you go
Before you make another move
There's something you oughta know

[Repeat CHORUS]

Yes, my heart still flies for you
But, baby, I can't let you go
Before you make another move
There's something you oughta know

[Repeat CHORUS to fade]
