She walked away
Walked away again
For the last time
She's still the same
Still the same
Because of the last crime

She screams, she lies
And she swings
And she tries and she knows
There is so much more
And he laughs and she cries
She swings, he dies and he knows
There is so

[Chorus:]
In your life
Shades of grey
In your life
Shades of grey

And you hide away

She ran away
Ran away again
For the last time
She called to say
Called to say
Once more for the last time

She screams, she lies
And she swings
And she tries and she knows
There is so much more
And he laughs and she cries
She swings, he dies and he knows
There is so

There is hope

[Chorus 4x]
