I went out last night  
That's when I met a sexy girl  
She was looking so right  
She said I wanna take you  
For a trip around the world

And by the look  
In her eyes, oh, oh  
The girl was serious  
She wore no disguise, oh, no  
So let's have some fun, yeah

[CHORUS]  
(I thought it was me)  
I thought it was me  
Who makes that girl this way  
(I thought it was me)  
I came to find out she's  
Like that every day  
(I thought it was me)  
I thought it was me  
That makes that girl so wild  
(I thought it was me)  
I found out she's like that  
With all the guys

Yo, I love being a bachelor  
Ricky said, Yo, that girl's  
A good catch for you  
She and I choose to  
Cruise in my love boat  
My water bed kept us afloat

I had to prove my manhood  
Show that the B-I-V  
Was damn good, understood  
I never had my boat rocked  
Like that before, yo

Well, when we left the spot  
All systems ready to go  
She said, sit back and relax

I'm running the show

I couldn't hesitate  
It was much too late  
That girl had got me straight  
And I was ready to go, yeah

B-B-D, BBD  
B-B-D, BBD

Yo, Ron, what's up  
With that fly girl  
You left the jam with  
She was sticking closer to you  
Than the bread on the  
Meat of my sandwich

I know you rocked the bitch, Cuz  
Nah, it wasn't even like that  
She left the room  
To get comfy and cozy  
Then the R to the O  
To the N got nosey

Cruising guys were  
Her favorite past time  
Taking chances almost  
All her lifetime  
She said, you only live once

Staying loose  
Made many heads turn  
If you did her wrong  
You just might get burned  
So lets have some fun, yeah

[Repeat CHORUS 3x]

I thought it was me  
Who makes that girl this way  
I came to find out she's  
Like that every day  
I thought it was me  
That makes that girl so wild  
I found out she's like that  
With all the guys

I thought it was me  
Oh, yeah, yeah  
I thought it was me...
