Yeah, I wanna have the time and I wanna see you cry  
I wanna feel your body and I wanna get closer  
gotta rescue me, rescue me, rescue me, let me have a  
good time  
And I wanna see you laughin and I wanna feel rain  
I wanna get inside you and I wanna feel pain  
You gotta rescue me, rescue me, rescue me, let me  
have a  
good time  
And I wanna feel you movin  
and I wann feel good  
I wanna feel your love for sure  
let your, let your, let your amazement grow  
let your, let your, let your amazement grow  
oh whatever you do, I can't leave you  
don't ever let me go, don't ever let me go  
Yeah I wanna be hungry and I wanna ask why  
I wanna be dreaming and I wanna satisfy  
You gotta rescue me, rescue me, rescue me, let me  
have a  
good time  
and I wanna be love it  
and I wanna be high  
I wanna feel you touch me  
and I wanna hear you sigh  
You gotta rescue me, rescue me, rescue me, let me  
have a  
good time  
And I wanna feel you movin  
and I wanna feel good  
I wanna feel your love for sure  
let your, let your, let your amazement grow  
let your, let your, let your amazement grow  
oh whatever you do, I can't leave you  
don't ever let me go, don't ever let me go
