If tomorrow never comes
i keep my head up high
I love to think i can fly
When i loved you

I don't want to let you go
I want to hold you tight
A kiss of tomorrow
Be with me tonight

Chorus:
If tomorrow never comes
If the sun forgets to shine
If the Stars depends on time
At least i knew you were mines

If tomorrow never comes
If the sun forgets to shine
If the Stars depends on time
At least i knew you were mine

I never felt this way before
I came just watching me
You're my extacy
When i loved you

I'll be everything you need
I'll bring you paradise
So i'll set you free
And be with you tonight

Chorus:
If tomorrow never comes
If the sun forgets to shine
If the Stars depends on time
At least i knew you were mine

If tomorrow never comes
If the sun forgets to shine
If the Stars depends on time
At least i knew you were mine

If tomorrow never comes
I know god will be still looking at us
And you'll still be with me always
Always

Chorus:

If tomorrow never comes
If the sun forgets to shine
If the Stars depends on time
At least i knew you were mine

If tomorrow never comes
If the sun forgets to shine
If the Stars depends on time
At least i knew you were mine

If tomorrow never comes
If the sun forgets to shine
If the Stars depends on time
At least i knew you were mine
