You wake up in the suffocating out-of-it (Arabic ?)  
darkness  
Dragging the river of your very soul  
You emerge from troubled dreams  
With your head held very gently  
Think like clotted blood in a golden bone

Who's promised you that ? Who's paying for it ? What's  
waiting out there ?

The soldiers in the village were sleeping in the sun  
The White Star Line comes steaming in upon it's  
midnight run  
You're standing in the mirror, that reflection is insane  
My love is the peace which takes away the pain

All of you must fly out, out of this life of nightmares  
Whose spirit breath surrounds you, in the blackened  
night  
The horses are uneasy  
The weapon is untried  
You'll have to go on guessing 'til you reach the other  
side

Who's promised you that ?  
Who's paying for it ?  
What's waiting out there ?

The monkeys in the jungle are playing with a gun  
The White Star Line comes steaming in upon it's  
midnight run  
You're reaching for the lifebuoy which the night has  
neatly ??slain??  
My love is the peace which takes away the pain

Up you go, you're drifting  
Up you go, you're floating  
Over Tunisia  
Over Spain  
Over Germany  
Over Poland

Over Scandinavia  
Back Again

Who's promised you that ?  
Who's paying for it ?  
What's waiting out there ?

The notices and frescoes have faded in the sun  
The White Star Line comes steaming in upon it's  
midnight run  
You can't believe it's over with no loss or gain  
My love is the peace which takes away the pain
