(Chorus):

I will not give up, I will not give in
I will stand up for what I believe
I will not hold back I will not lie down
I will cry out for I still, for I still believe

I've been swayed too long by popular opinion
I've got to claim what I believe not what I'm given
I've got to know what I stand for and where I'm
standing
I've got to live my life the truth is too demanding

Don't tell me not to try don't tell me not to care
don't tell me not to love don't tell me not to live
don't tell me who you think who you think I should be
(Repeat chorus)

So many voices it's hard to hear the truth
to live by faith is hard for those who live by proof,
the truth it whispers the darkness shouts it out
no more will I wear the colours of the crowd

(Repeat chorus)

And I know hope and love and innocence right here
I will not give up I will not give in I will stand up for what
I
believe
I will not give up I will not give in I will cry out for I still
for I still believe

I still believe
