You'd think I'd know by now  
the difference between right and wrong  
The sad truth is I do,  
so why do I so often fake the truth  
embrace the night instead of trusting you

I long to be a man of God and burn this bridge behind  
me  
but alone I seem condemned to lose my way

Yet when I'm weak Lord you are strong that's what your  
word  
reminds me  
so I call on your strength to see me thru each and every  
day

(Chorus):  
Purity come down wash over me and cleanse me from  
my sin  
Renew my soul, I give you full control let all my  
darkness end  
again and again

And when I think that I have fallen one too many times

Your spirit speaks to me, reminds me that forgiveness  
is so much more than a state of mind your grace has  
set me free

And I could never fall so far that I'm beyond the mercy  
that was bought and paid for by redeeming blood

And seventy times seven isn't too much to forgive me  
so I dive into this life brand new beneath the deep  
refining flood

(Repeat chorus)

And though the glitter of temptation  
may seek to bind me to a life  
that's filled with guilt and shame, but I can rest in  
peace

'cause my captured heart has been released  
by a love that's broken thru the chains

(Repeat chorus)
