(Ron Haney)

Please don't tell
I never meant to hurt you though I didn't wish you well
(and)

Please don't you tell
I don't know what I was thinking

Maybe you've out grown
Silence on the phone
Anger I have known

This disease brings me to my knees
This disease kills me by degrees
(I heard a voice in the back of my head)
Everybody gets what they deserve

But I could be wrong
Cause I could never live with me before you came
along (and)

You made me whole
You crept in through the window of my soul

Maybe you've out grown
Silence on the phone
Anger I have known

This disease brings me to my knees
This disease kills me by degrees
Everybody gets what they deserve

Maybe you've out grown
Silence on the phone
I can't keep this thing inside of me

This disease brings me to my knees
This disease kills me by degrees
Everybody gets what they
Everybody gets what they
Everybody gets what they deserve

(Everybody) Everybody gets what they deserve

(Everybody) Everybody gets what they deserve
