Out, mixed up in a crowd
Christopher and loud
Looking for a long lost friend
Window to the street
Tarot cards so neat
She said she could see my soul

Mysticated girl

She led me down a hall
Crystal is a ball
Aura seance new age pearls
Weaker than they're worth
Bleecker heading north
A newer age and still I'm here

She sees all of me
Mysticated girl
I'm in way too deep
Mysticated girl

Pins sticking in the wall
Just above the dolls
And one of them looked just like me
Earring in the nose
Stripped of all it's clothes
So I made her wish come true

She sees all of me
Mysticated girl
I'm in way too deep
Mysticated girl

The sun reflects her calm and mystic mind
She read my palm and guessed my sign

She let me stay till dawn
All the curtains drawn
Candles spelled out R-O-N
Then she said she'd call
Crystal was a ball
Witch is why I'm here again

She let me stay till dawn
Mysticated girl
She let me stay till dawn
Mysticated girl
