Unchained disease the lifeless damned  
Power curse of ignorance  
Obey the lawful impositions  
Automatons not to reason

Only the dead shall learn  
Sinking deep in this shit  
Side by side  
Line them up to die

Decline systematic  
Enslaved life of fools  
Fear lies deception  
Contained and controlled

Followers your path is set  
Suffer from your own resolve  
End solution for your death  
No one gets out alive

Blind empty stares  
Like Chicago slaughterhouse pigs  
Side by side  
Line them up to die
