You know what I like and need but it's over  
You know what I want and feel but it's over  
My heart is an open book  
Don't need to read between the lines  
To leave tears up all of me  
Yes I believed in everyday  
Get it and hurry up, get it and hurry up  
Get it and hurry up and go  
Get it and hurry up, get it and hurry up  
Get it and hurry up and go  
You know what I give and take but it's over  
You know what I mend and break but it's over  
My thoughts always close to you  
What I caressed was by my side  
To break will be hard on me  
Yeah I will save our everyday  
Get it and hurry up ...  
Forgive that I'm on my way but it's over  
Without you all night all day - now it's over  
Our love sealed in history  
Got my respect in every way  
Don't you turn around no more  
No, don't you ask for me to stay  
Get it and hurry up
