I guess you took me for a ride  
First you attacked, then hurt my pride  
Have another try  
Thoughtful behavior - not your way  
Fling dirt on me, yes, come what may  
Have another try  
All the same  
You will be sorry if you go  
Pay back for dirty tricks  
I will let you know  
Have another try  
I've got no time, got no time  
No need for the love I left behind  
Yes I got it and I'll never lick your boots  
I've got no time, got no time  
For a silly ass, I draw the line  
Yes I got it, I will never lick your boots  
All the same  
You will be sorry if you go  
Pay back for dirty tricks  
I will let you know  
Have another try  
I've got no time
