Watching the world outside
It's oh so vague
You bring up the darkest night
It's oh so vague
Beauty is for real no guarantee
Beauty is for real no guarantee
Longing for your love
And I am stunned by touching
Longing for your skin
And I am eager and I'm yearning for you smell
I have been waiting and it's time
To get the thrill
Touched to the quick at sight
It's oh so vague
Cursing the rising pride
It's oh so vague
Should I put up a fight
It's oh so vague
Beauty is for real no guarantee
Beauty is for real no guarantee
Longing
