Hey, come and read my sign
I'm going higher with you

I wonder if I'll stay alone
Time with you is far and gone
I wonder if you got someone
And I wish that it was me

Sudden impressions, see you come round the corner
Heart beatin' fast as if to steam up and warn you
I show my love, you cannot release
I never wanted to undress myself
I hate these lonely moments without you

Hey, come and read my sign
I'm going higher with you
Hey, come and read my sign
I'm going high, higher with you

I wonder why I'm still alone
Seems to me, our love is done
I wonder if you're havin' fun
And I wish it was with me

Sudden affection makes me freeze as I see you
So glad to see, that there is nobody near you
Can't hide my love, I wanna retrieve
I never wanted to express myself
I hate these lonely moments without you

Hey, come and read my sign
I'm going higher with you
Hey, come and read my sign
I'm going high, higher with you

Hey, come and read my sign
I'm going higher with you
Hey, come and read my sign
I'm going high, higher with you

I'm going higher with you
I'm going high, higher with you

Hey, come and read my sign
I'm going higher with you
Hey, come and read my sign
I'm going high, higher with you
