Yeah, I wanna have the time
and I wanna see you cry
I wanna feel your body
and I wanna get closer
gotta rescue me, rescue me, rescue me,
let me have a good time
And I wanna see you laughin
and I wanna feel rain
I wanna get inside you
and I wanna feel pain
You gotta rescue me, rescue me,
rescue me, let me have a good time
And I wanna feel you movin and
I wanna feel good
I wanna feel your love for sure
let your, let your, let your amazement grow
let your, let your, let your amazement grow
oh whatever you do, I can't leave you
dont ever let me go, dont ever let me go
Yeah I wanna be hungry
and I wanna ask why
I wanna be dreaming
and I wanna satisfy
You gotta rescue me, rescue me,
rescue me, let me have a good time
and I wanna be love it
and I wanna be high
I wanna feel you touch me
and I wanna hear you sigh
You gotta rescue me, rescue me,
rescue me, let me have a good time
And I wanna feel you movin
and I wann feel good
I wanna feel your love for sure
let your, let your, let your amazement grow
let your, let your, let your amazement grow
oh whatever you do, I can't leave you
dont ever let me go, dont ever let me go
