Can you help me?

Call me lover, watch me, I got something for you  
Call me lover, more of you never knew  
Call me lover, listen, what I've got to say to you  
Call me lover, hear now and be all mine

Call me lover, turn around and see, what you get  
Call me lover, find out what's on my mind  
Call me lover, say the words I won't forget  
Call me lover, don't be so shy  
'Cause I'm feelin' easy I let myself go  
And if you can see me smile

I'll treat you right, so right, I give you everything you  
like  
I'll treat you right, so right, I give you everything you  
like  
I'll treat you right, so right, bring you joy and morning  
light  
I'll treat you right, so right, I give you everything you  
like  
I'll treat you right

Call me lover, now you found out what it's about  
Call me lover another step further  
Call me lover  
Call me lover  
We're feelin' easy, we let ourselves go  
And you've been caught by my smile

I'll treat you right, so right, I give you everything you  
like  
I'll treat you right, so right, I give you everything you  
like  
I'll treat you right, so right, bring you joy and morning  
light  
I'll treat you right, so right, I give you everything you  
like

I'll treat you right, so right, I give you everything you  
like

I'll treat you right, so right, I give you everything you  
like  
I'll treat you right, so right, bring you joy and morning  
light  
I'll treat you right, so right, I give you everything you  
like

I'll treat you right, so right, I give you everything you  
like  
I'll treat you right, so right, I give you everything you  
like  
I'll treat you right, so right, bring you joy and morning  
light  
I'll treat you right, so right, I give you everything you  
like  
I'll treat you right
