Ft. Rick Ross

I see that she's sexy
She sees him succesful
She takes like a pepsi
She says to be special
Let's shoot for the stars
I mean how can we miss it
The gameâ€¦
Bitch go get me a kiss
She keepin' me so freaking
A ball like a magic
Let's go half on the falcus
How my paper keeps stackin'
â€¦
Got to stay out of filth
He gettin' that spanach
Like a â€¦
Living richer than never
This is hard as it gets
Choose invisible leather
I'm hard as a brick
Wish to speak to Ciara
That's like making a wish
Always get what i want
That's on top of my list

Still back still back
Watch me heat it all
Hit it up
Yeah i know you wanna beat it all
Take a look at my curves
Know you wanna ride
You wanna take me home tonight
You're speaking in a language that i can't understand
I'm looking for someone that ain't afraid to be a man
I'm talking full grown it ain't about the pockets
I need someone that can steal my heart and like it
All you do is talk about your Dallas
