[50 Cent:] I'm focused man

[Ciara:] You should know this man

[50 Cent:]

Yes one dose of me will have you addicted

To know me is to love me I handle mah business

Any City any town, touch down I do my thing

I'm a hustler baby I provide by any means

I'm a great conversationist, you should know what I'm about

When you look at me baby you should see a way out

Out the hood, out the drama, out the Bentley that's on

Out the headache an stress you done been through

before

[Verse 1: Ciara]

It's only been three months an I already got it bad

So hood that I keep on coming back

My girlfriend's telling me I don't know how to act

But I'm telling them baby bye fall back

He's so good an he knows how to love me

But so hood an he's so heavy in the streets

He's my dude and you better get used to things

And I don't care what you say about me

They say

[Pre-Hook:]

That he does it with the best, runs a lil' less

padding on his chest (uh huh)

I like it (so what), I like it

And they say (that he's gonna hurt me)

Just wait and see (but they don't know me)

'cause I am what he wants his girl and I love it

[Hook:]

I can't leave 'em alone

I tried that good boy game

But the dope boy's turing me on

It's just that he know what I want

So bad, I love that, I can't leave 'em alone

I can't leave 'em alone

I tried that good boy game

But the dope boy's turing me on  
It's just that he know what I want  
So bad, I love that, I can't leave 'em alone

[Verse 2:]

So when I had a good guy he didn't do that much for  
me  
Tried to be hard but that he could never be  
Always tell me that no one could compare to me  
But couldn't matta when other guy was staring at me  
Now the time plays back so everyone could look at me  
From the A to hill up in Beverly  
He's so fly that he knows how to carry me  
First class when they talk we don't hear what they say

[Pre-Hook:]

That he does it with the best, runs a lil' less  
padding on his chest (uh huh)  
I like it (so what), I like it  
And they say (that he's gonna hurt me)  
Just wait and see (but they don't know me)  
'cause I am what he wants his girl and I love it (ooohh)

[Hook:]

I can't leave 'em alone  
I tried that good boy game  
But the dope boy's turing me on  
It's just that he know what I want  
So bad, I love that, I can't leave 'em alone  
I can't leave 'em alone  
I tried that good boy game  
But the dope boy's turing me on  
It's just that he know what I want  
So bad, I love that, I can't leave 'em alone

[50 Cent:]

The more I get the more my ambition tells there more  
I'll move an A for that girl I'll move ahead on that boy  
Then I flip that (double up) kick back (cuddle up)  
Your friends try to confuse but you know what  
My intentions are good, I can't help it I'm hood  
I wouldn't change if I could, you shouldn't tell me I  
should  
Baby you should take me as I am  
An be happy you're my girl 'cause I'm happy I'm your  
man

[Bridge: Ciara]

If he gets caught, it just takes one call  
I'll come running, boy I promise I will be there for you  
All my heart it belongs to you

I can't lose you, boy I just can't leave you alone

[Hook x2:]

I can't leave 'em alone

I tried that good boy game

But the dope boy's turing me on

It's just that he know what I want

So bad, I love that, I can't leave 'em alone

I can't leave 'em alone

I tried that game

But the dope boy's turing me on

It's just that he know what I want

So bad, I love that, I can't leave 'em alone
