now momma said "you can't take love for granted you
better keep him 'cause he's the best you've had"
thought the grass was greener and if you leave me,
i'ma be right there. who's hurting who? (yeah) you
hurting you when you don't think about what you say,
you let your pride push love away.

and when you need someone, who's gonna love you
down? you don't want just anyone who's been around
the town. promised that forever we'd be together but
that arguement was the last thing we said.

Chorus:

and i can't eat, i can't sleep, playing back those
memories. when i was there, you were here standing
right in front of me. you're out of my life. for now i'll try
to play cool on you, but i'm dying.

ooh ooh ooh oohhhh ooh ooh ooh but i'm dying without
you

and i cry when i look at your picture, or hear the sound
of your voice on my voicemail. i want to touch, want to
feel you. i want to go back because it hurts like hell.

who's fooling who? i guess i'll play the fool. i'll push my
ego out the way, there's so much that we need to say.

'cause when you're all alone who's gonna love you
down? and it's been so long, we need to work it out. i
know i'll go crazy without my baby. i won't be right until
i see you again.

and i can't eat, i can't sleep, playing back those
memories. when i was there, you were here standing
right in front of me. you're out of my life. for now i'll try
to play cool on you, but i'm dying.

ooh ooh ooh oohhhh ooh ooh ooh but i'm dying without
you

ooooohhhhhhhh, said i'm dying without you

ooooohhhhhhhh, i'm dying without you

ooooohhhhhhhh, don't know what to do ... i can't ...
said i'm dying

ooh ooh ooh oohhhh ooh ooh ooh you're out of my life,
for now i'll try to play cool on you

oh and, alright alright
