when we started, i wasâ€¦ ever seen.
when we parted, now i'm the worst the girl you've met,
i don't get it! how could you lie to yourself?
i gave my all to you, i made you my career
when i deserve better,!

chorus:
you can play those games,
you can try to say them, don't want to blame,
(tell the whole story)
and you'll forget to tell that you lied to me.
(and it's such a shame)
that you're trying hard to make a fool of me!
(who are you to talk about me?) meeeeeeee!

it's so hard to believe everything that they say!
i won't talk of; i have respect for what we had and no
regrets.
no love loss, you can try to lie to yourself,
you can hide her and pain you feel inside!
â€¦yeah!

(before you start judging me,
don't forget you said you're loving me!
now you put me down and call me every night)
and i feel so sad for you!

chorus:
(you can play those games,
you can try to say i'm the one to blame,
tell the whole story,

don't forget to tell how you lied to me!
(and it's such a shame)
that you're trying hard to make a fool of me!
(who are you to talk about me?)

the truth is said in the dark,
we'll come to it (yes it will)
i won't talk! yeah!
those who know me know the real,
what about it?

this is the way things will end,
when everybody knows we were best friends!

you can play those games,
(you can play those games, oh, oh, oh)
you can try to say that i'm the one to blame
but tell the whole story,
don't forget to tell how you lied to me!
(and it's such a shame)
that you're trying hard to make a fool of me!
(who are you to talk about me?) meeeeeeeeeee!
you can play those games,
you can try to say that i'm the one to blame
don't forget to tell how you lied to me!
that you're trying hard to make a fool of me!
until you're making a fool of yourself!
before you start judging me,
don't forget to say that you're loving me, yeah!
if you wanna stop calling me, don't forget to say
i'm the one you need, yeah!
